

TOTAL PREFABRICATED DATA CENTERS

A COMPLETE MISSION CRITICAL STRUCTURAL SOLUTION

Clark Pacific delivers a total prefabricated solution for data center structures and enclosures, offering advantages traditional construction cannot match: accelerated schedules, predictability, and design flexibility at a lower cost.

We provide an all-inclusive suite of services, including test fit and early design-assist, ensuring efficient and high-performance data centers.

Manufactured in a controlled environment for superior quality and performance, our data centers are erected with precision by our skilled team.

BENEFITS OF TOTAL PRECAST

LOWER COST

SAFER JOB SITES

FASTER SCHEDULE

SUSTAINABLE

PREDICTABLE

RESILIENT

With our comprehensive approach, we minimize risk for owners and general contractors, serving as a single, reliable source for the entire process, while prioritizing accelerated construction schedules without compromising quality or durability.

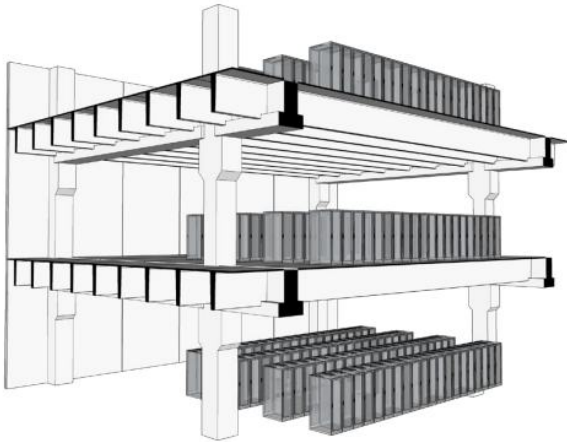

SUPPORTING NEXT GENERATION DATA CENTERS

Program Flexibility

- Up to 600psf floor load capacity to support AI and ML server rack densities.
- Long spans 60ft plus for wide open white space
- 42' x 60' typical grid at 400psf floor loading
- Integrates with Clark Pacific's insulated wall panels and/or with other enclosure systems such as curtain wall and metal panel.
- Industry leading low carbon solutions.

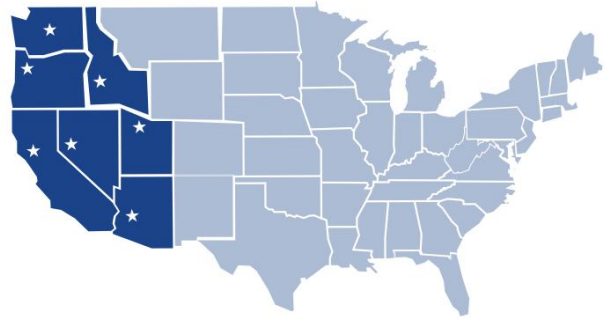

BENEFITS

- Integrated structure and enclosure systems
- Prefabricated mechanical platforms and generator buildings to further accelerate construction schedules
- Resilient design
- Offsite construction for reduced site impacts and a safer job site
- CARBONSHIELD™ for reduced embodied carbon solutions
- Over 100 standard architectural finishes

MODEL OF PREFABRICATED DATA CENTER WITH LONG CLEAR SPANS, FOR COLUMN FREE WHITE SPACE.

SERVING THE WESTERN UNITED STATES AND NATIONALLY THROUGH INDUSTRY PARTNERSHIPS

CLARK PACIFIC EXPERIENCE

- **60+** YEARS IN OFFSITE CONSTRUCTION
- **300** ACRES OF MANUFACTURING CAPACITY AND STORAGE
- **4+M** SQFT DATA CENTER EXPERIENCE

Clark Pacific is prepared to help advance your low-carbon strategy. Our structural data center solutions utilize CARBONSHIELD our low-carbon cement replacement.
